# AWA European Pressure-sensitive Industry Cost Index

**AWA European Pressure-sensitive Industry Cost Index** provides an overview of cost indices for 'typical' or 'standard' materials used in pressure-sensitive label constructions. The report provides a history of cost inflation/deflation that will facilitate an understanding of the underlying trends in key material costs of raw materials and converted products and gives insight into the drivers behind cost changes.

The report is updated quarterly. Subscribers receive the report as a pdf plus an excel sheet with the index figures.

AWA's cost indices have been published quarterly since 2010, figures go back to January 2007.

## Cost

**AWA European Pressure-sensitive Industry Cost Index** is published each quarter. Subscriptions are annual and include 4 quarterly reports.

Annual subscriptions are available for €1,200

AWA is the world's leading source for international market research reports and market data on the Labeling, Paper, Film, Packaging, Coating and converting sector. ## Quarterly updates

Available on an annual subscription basis.

€ 1,200 per year

### Subscription includes:

- » Quarterly reporting of a set of indices based on 'typical' and 'standard' pressure-sensitive label constructions
- » Industry benchmarking and index analysis of European pressure-sensitive label materials.
- » Indices demonstrate cost progression for each material component based on a scale using a cost index of 100 as of January 2007
- » The indices reflect movement in raw material costs
- » Also includes indices in local currencies
- » Includes an estimate of the impact raw material cost changes have across the value chain.

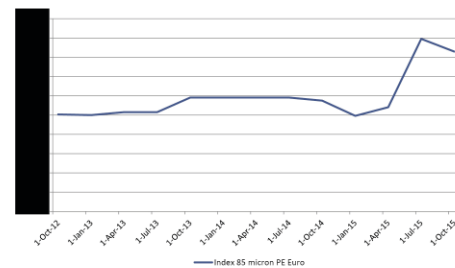

### The index for each label material includes:

- » Table with figures going back to 2007
- » Graphs showing cost changes relative to the Euro and other currencies, over the past 3 years.
- » Cost change-driver explanation
